1-P

The following statement was entered into the record for Supervisor Molina:

“On December 6, 2005, this Board allocated \$350,000 in Proposition A Specified Excess Funds to the Mountains Recreation and Conservation Authority (MRCA) for the development of a landscaped greenbelt along the Los Angeles River in the cities of Cudahy and Bell. As part of that action, this Board also approved the assignment of the right to apply for the project funds to the Department of Public Works (DPW). In order to incorporate the employment of youth, the assignment of the right to apply for the \$350,000 should now be transferred to the Los Angeles Conservation Corps (LACC) to the maximum extent feasible on the Cudahy-Bell Riverfront Project. The Cudahy-Bell Riverfront Project consists of improvements to the existing riverfront in the cities of Cudahy and Bell including new fencing, gates, painting the existing parapet and other concrete walls, irrigation and landscaping. The project is consistent with the Los Angeles River Master Plan which encourages beautification and development of a continuous greenway along the Los Angeles River. LACC will employ at-risk youth to plant trees and shrubs and install paving to restore natural habitat and provide recreational elements along the Los Angeles River. To accomplish this effort and to streamline the process, the Proposition A Specified Excess Funds, administered by the Los Angeles County Regional Park and Open Space District (LACRPOSD), in the amount of \$350,000, should be reassigned to LACC.”

3. Authorized the Director of Parks and Recreation to execute a grant agreement and to administer the Proposition A grant to LACC when applicable conditions have been met and pursuant to procedures in the Procedural Guide for Specified and Per Parcel Projects.
